INTERNATIONAL PRELIMINARY EXAMINATION REPORT

International application l	No.
PCT/US03/41294	

	Basis of the report					
1.	With regard to the elements of the international application:*					
	the international application as originally filed.					
	the description:					
	pages 1-48 as originally filed					
	pages NONE , filed with the demand					
	pages NONE, filed with the letter of					
	the claims:					
	pages 49-53 , as originally filed					
	pages NONE, as amended (together with any statement) under Article 19 pages NONE, filed with the demand					
	pages NONE, filed with the letter of					
	the drawings:					
	pages 1-14 , as originally filed					
	pages NONE, filed with the demand					
	pages NONE, filed with the letter of					
	the sequence listing part of the description:					
	pages NONE , as originally filed					
	pages NONE , filed with the demand					
2	pages NONE , filed with the letter of					
2.	With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item.					
	These elements were available or furnished to this Authority in the following language which is:					
	the language of a translation furnished for the purposes of international search (under Rule23.1(b)).					
	the language of publication of the international application (under Rule 48.3(b)).					
	the language of the translation furnished for the purposes of international preliminary examination (under Rules					
	55.2 and/or 55.3).					
3.	With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the					
	international preliminary examination was carried out on the basis of the sequence listing:					
	contained in the international application in printed form.					
	filed together with the international application in computer readable form.					
	furnished subsequently to this Authority in written form.					
	furnished subsequently to this Authority in computer readable form.					
	The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the					
	international application as filed has been furnished.					
	The statement that the information recorded in computer readable form is identical to the written sequence listing					
	has been furnished.					
4.	The amendments have resulted in the cancellation of:					
	the description, pages NONE					
	the claims, Nos. NONE					
	the drawings, sheets/ fig NONE					
5.	This report has been established as if (some of) the amendments had not been made, since they have been considered to go					
	beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).**					
* Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed" and are not annexed to this report since they do not contain amendments (Rules 70.16 and 70.17).						
** Any replacement sheet containing such amendments must be referred to under item 1 and annexed to this report.						

INTERNATIONAL PRELIMINARY EXAMINATION REPORT

International application No. PCT/US03/41294

V. Reasoned statement under Rule 66.2(a)(ii) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement						
1. STATEMENT
